

SCHUYLKILL VALLEY SCHOOL DISTRICT HEALTH SERVICES

A medical examination is required for all pupils when entering school, kindergarten or first grade, and in grades six and eleven, and all pupils from out of state.

A dental examination is required for all pupils when entering school, kindergarten or first grade, and in grades three and seven, and all pupils transferring from out of state.

Parents are given a choice of having the required examination completed privately or by the school examiner. Special medical and dental forms will be given to the parent if the examination is to be completed privately. They are also available online on our district website.

Kindly indicate your choice below and return this form to the school nurse.
